TELEPHONE SYSTEMS WILL BE EXTENDED.

The Consolidated and Beeghley tele-
phone companies are busy making ar-
rangements to extend their systems to
Wheeling, Waynesburg, Uniontown, Con-
nellsville and Pittsburg. They will put
in long distance service. The work is
expected to begin within the next 60
days. Superintendent Barnes of the Con-
solidated company and Lloyd Beeghley
of the other company were here Monday
in conference over the matter.

John A. Fleming and Mrs. Fleming
have returned from a short sojourn at
Webster Springs.
Mr. and Mrs. James Madison Jackson,
of Parkersburg, are here on the way to
Atlantic City.

Col. John O. Brooks, the genial super-
intendent of the Clarkburg Fuel com-
pany, with main offices in this city, re-
turned Thursday morning from his sum-
mer vacation of 10 days spent along the
South Branch of the Potomac. He was
there with a party composed of Cameron
and Moundsville people. They spent
much of the time fishing, and he reports
angling very good there. Col. Brooks
returns much invigorated and greatly
rested. He will plunge into business with
more earnestness and application than
ever, since he feels so fine physically.

Try our cream soda and you will
come again. It pleases everybody. C.
D. Sturm & Co. apr29tf

SO HAPPY THAT HE GOT RATTLED.

John Beck, night electrical engineer
of the Fairmont & Clarkburg Traction
company's power house at Adamston,
was so unusually happy Sunday that he
got rattled. A bouncing baby girl made
its appearance at his home Saturday
night. The boys who work at the power
house say that John was so agitated
over the eventful occasion that when he
came to work Sunday he put his over-
alls on inside-out and hind-side foremost.
He didn't catch on to his mistake until
the boys in the shop called his attention
to it. We've noticed that the street
cars are running better now. That's
probably because John is working bet-
ter. A man can work lot's better and
more satisfactorily when he is in a happy
frame of mind.
